

**Application No.:** 09/893,244  
**Filing Date:** June 27, 2001

### **REMARKS**

Claim 85 has been amended. Support for the amendment can be found throughout the specification and claims as originally filed. Claim 86 has been canceled without prejudice. Accordingly, no new matter has been added.

As discussed during the interview held on January 30, 2008, and in subsequent telephone conversations with the Examiner and Supervisor Padmanabhan, Applicant has amended Claim 85 to incorporate the limitations of dependent Claim 86 and to add the term "pharmaceutical" to the preamble. In view of the above amendments and remarks, the present application is believed to be in condition for allowance, and action to that effect is respectfully solicited. Applicant invites the Examiner to call the undersigned if any issues may be resolved by telephone.

#### No Disclaimers or Disavowals

Although the present communication may include alterations to the application or claims, or characterizations of claim scope or referenced art, the Applicants are not conceding in this application that previously pending claims are not patentable over the cited references. Rather, any alterations or characterizations are being made to facilitate expeditious prosecution of this application. The Applicants reserve the right to pursue at a later date any previously pending or other broader or narrower claims that capture any subject matter supported by the present disclosure, including subject matter found to be specifically disclaimed herein or by any prior prosecution. Accordingly, reviewers of this or any parent, child or related prosecution history shall not reasonably infer that the Applicants have made any disclaimers or disavowals of any subject matter supported by the present application.
